MONTH AT GLANCE

During the month of March, the Neighborhood Coyote Program continued to document reports and share relevant information to residents who reported coyote activity in their neighborhoods.

Pupping season is here for coyotes. Please be vigilant of any coyote dens as coyotes tend to be overprotective with their pups. There might be an increase in coyote sightings with their pups. As residents start doing your spring cleaning, please advise them to not forget to do Spring cleaning in your yard and remove all attractants for coyotes.

REPORT TOTALS

Overall, there were 7 reports for the City of Rosemead. Please find the report map on the following page.

LEVEL	NUMBER OF REPORTS	LEVEL DESCRIPTION
1	4	Coyote heard and/or seen; Coyote resting in public space
2	3	Coyote seen resting in public area with humans present; Coyote entered yard or home with or without pets present
3	0	Coyote entered yard and injured or killed unattended or attended pets; Coyote bit or injured an unattended pet/pet on a leash; Coyote aggressively followed or approached you with your pet
4	0	Coyote aggressively followed or approached you without your pet
5	0	Coyote bit or injured a human

Yellow - Response Level 3

NEIGHBORHOOD COYOTE PROGRAM

The Neighborhood Coyote Program serves as an avenue to address, educate, and report coyote interactions as well as safety issues caused by coyotes within the San Gabriel Valley. Through education and resourcing, we want to ensure the safety of residents and pets. The Neighborhood Coyote Program provides various methods to report coyote encounters as well as tips and information to promote coyote safety.

The Neighborhood Coyote Program provides various methods to report coyote encounters as well as tips and information to promote coyote safety.

The Neighborhood Coyote Program provides the following services:

- Hotline Access**
- Reporting Tools**
- Referrals to Resources**
- Pet Safety Planning**
