MONTH AT GLANCE

During the month of May, the Neighborhood Coyote Program continued to document reports and share relevant information to residents who reported coyote activity in their neighborhoods.

In May, we saw an increase of coyote activity in our neighborhoods. As we draw closer to summer, coyotes will be actively searching for easy meals that they can provide to their young pups. Residents are encouraged to closely supervise their pets when outdoors and highly advised to not leave any food sources readily available for coyotes.

REPORT TOTALS

Overall, there were 0 reports for the City of Rosemead.

LEVEL	NUMBER OF REPORTS	LEVEL DESCRIPTION
1	0	Coyote heard and/or seen; Coyote resting in public space
2	0	Coyote seen resting in public area with humans present; Coyote entered yard or home with or without pets present
3	0	Coyote entered yard and injured or killed unattended or attended pets; Coyote bit or injured an unattended pet/pet on a leash; Coyote aggressively followed or approached you with your pet
4	0	Coyote aggressively followed or approached you without your pet
5	0	Coyote bit or injured a human

NEIGHBORHOOD COYOTE PROGRAM

The Neighborhood Coyote Program serves as an avenue to address, educate, and report coyote interactions as well as safety issues caused by coyotes within the San Gabriel Valley. Through education and resourcing, we want to ensure the safety of residents and pets. The Neighborhood Coyote Program provides various methods to report coyote encounters as well as tips and information to promote coyote safety.
