MONTH AT GLANCE

During the month of October, the Neighborhood Coyote Program continued to document reports and share relevant information to residents who reported coyote activity in their neighborhoods.

The holiday season of family gatherings and social get togethers has arrived! When hosting thanksgiving dinners or gatherings, make sure to deter coyotes away from your property by securing all trash bins. Ensure to clean up BBQ grills after every use and double check that no food scraps are left behind or anywhere that can be easily accessible to coyotes. You can help keep coyotes away from your trash bins by placing an old rag soaked with ammonia or vinegar.

REPORT TOTALS

Overall, there were 7 reports for the City of Rosemead. Please find the report map on the following page.
